

Hosted by the Georgia Environmental Protection Division, Water Protection Branch and the Macon Water Authority. In conjunction with the Department of Homeland Security and Texas Engineering Extension Service, Texas A&M University

You are Invited to Attend

Disaster Management for Water & Wastewater Utilities-MGT343

This course provides training to Water and Wastewater professionals on the issues of preparing for, responding to, and recovering from incidents affecting water and/or wastewater facilities. This course covers the various natural and man-made (accidental or intentional) hazards to which water and wastewater systems may be vulnerable and the potential effects the hazards may induce. Legislation that serves to aid in the planning and response to a natural or man-made incident is discussed along with measures that can mitigate threats to the water and wastewater systems. Participants are guided through portions of the Environmental Protection Agencies Response Protocol Toolbox to identify steps in the response and recovery processes.

Class Location

Date: June 19-20th, 2013 **Time:** 8:30AM

Location: Macon Water Authority, Amerson Plant
703 River Bend Road, Macon GA 31211
